
Capability Statement

Delivering global solutions regionally

MFE PTY LTD
June 2019

Welcome...

MFE Pty Ltd provides manufacturing, maintenance, project and refrigeration services to the resource and related industries with a focus on sustainability, diversity and responsiveness to provide exceptional outcomes for clients, employees and the community.

Our vision is to be a multigenerational, regional service provider delivering world class, global solutions to our clients having positively affected all our stakeholders in our business journey and be truly inspirational in what it means to live, work and add value to our community's in which we do business.

MFE was grown in the Western Downs region of Chinchilla and now employs close to 30 staff servicing clients throughout the Southern half of Queensland from multinational, global organisations to non for profit and small business. Living and working in our region is a priority to ensure we provide not only exceptional service and delivery of objectives to our clients, but we reinvest in our region to ensure the skills and services are available for our future generations. All our permanent staff live in the Western Downs and our ownership is 100% local.

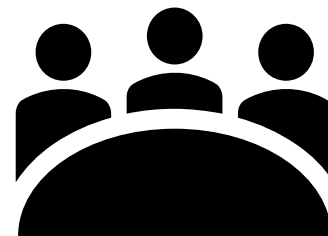

ADAPT & INNOVATE -- INSPIRE THE TEAM -- CONTRIBUTE LOCALLY
